TUMBARUMBA MPS CONSTRUCTION TENDER AWARDED

Member for Albury Greg Aplin, MP, today announced the award of the construction tender for the Tumbarumba Multipurpose Service (MPS) redevelopment to Richard Crookes Constructions, following a panel review.

“The award of the tender to carry out the main works construction for the project is an important achievement for the Tumbarumba community and means that construction can soon commence,” Mr Aplin said.

“The upgraded facility will provide flexible services to better respond to the Tumbarumba community, and enable a more efficient delivery of those services through integration, coordination, and innovation of health care.”

The new MPS will ensure that patients have access to first-class health service facilities.

The two-storey MPS project includes:

- A new acute inpatient wing
- Refurbishment of the existing residential aged care building
- A new residential aged care wing
- Expanded Emergency Department including two resuscitation bays and consultation/triage rooms
- New and expanded Community Health area
- Lounge for families of Palliative Care and other patients.

Health Infrastructure and the Murrumbidgee Local Health District will keep the community and staff informed as the project progresses with construction expected to begin shortly.

Construction is expected to be completed in 2020.
