NOMINATIONS OPEN FOR 2018 NSW GREEN GLOBE AWARDS

Sustainability leaders and innovators can now be nominated for the 19th annual Green Globe Awards, Environment Minister Gabrielle Upton announced today.

Ms Upton said the environmental awards honour people and projects across all sectors in NSW, with past winners setting the standard for a sustainable and clean NSW.

"The Green Globe Awards are a fantastic way to showcase the sustainability leaders who are inspiring environmental action and making a real difference in our communities," Ms Upton said.

"I really encourage everyone to nominate leading sustainability initiatives out there – whether you're a tiny social enterprise or a large organisation and everyone in between."

The Green Globe Awards invite a diverse range of entries for 10 categories of awards, including business and community leadership, resource efficiency, Young Sustainability Champion and the 'Best of the Best' Premier's Award for Environmental Excellence.

"You can nominate yourself or others working in sustainability in any sector – from fashion to food, built environment to biodiversity," Ms Upton said.

"Last year we saw amazing finalists from micro-breweries to floating solar farms, from sustainable food education initiatives to seaweed research."

Luke Menzel, Lead Chair of the Green Globe Awards judging panel, said that judges are impressed every year by the high standard of applications.

"The energy and enthusiasm we see in Green Globe Award candidates is always inspiring, and we're looking forward to another great showing in 2018," Mr Menzel said.

The Awards will be judged by a panel of independent experts and presented at a gala awards night on 4 October 2018.

Nominations are now open until 5pm on 8 June 2018. For more information and to nominate visit www.environment.nsw.gov.au/greenglobes
